

Welcome to the Careers @ Q3 'Careers Corner'

The Careers Road Map in our virtual Careers Corner has been carefully created to support your son/daughter. It will provide useful answers to the very many questions they might have regarding their next steps. Resources have been selected and assembled in an interactive and engaging way to put them in the driving seat! We hope you will go on the journey together.

Instructions for use:

Clicking on the Careers Road Map link will allow you to download the PDF. By clicking on any of the signposts, you can begin to explore the information and activities.

To return to the Careers Road Map, simply click the 'Back' icon shown below. You will find this in the top left-hand corner of each page.

Once you have finished using the Careers Road Map you may wish to click the 'Exit' button, which will take you to a Google Form feedback sheet. Here you can share your thoughts about the platform and what you have used it for.

We do hope that you will enjoy exploring the Careers Road Map with your child as they access information to support them on their way!
