Re: Food Technology Contribution via ParentPay

Dear Parent/Carer,

As you may be aware, students at Q3 Academy Langley are now very fortunate to experience Food Technology lessons as part of their Hori7on, Innov8 and Cloud9 curriculum. It is the expectation that all students will experience a Cycle of Food Technology during Years 7, 8 and 9.

There has been significant investment made to create a brand-new food room and the purchase of equipment to enable lessons of the highest quality. However, practical cookery also involves a significant cost, and whilst we would like to also fund this, the current economic situation prevents us from doing so.

Therefore, we are asking parents/carers if they would kindly make a £5.00 donation for each Cycle that their child studies Food Technology. This will appear on ParentPay as 'Food Lessons'. If you could please arrange to make the donation at your earliest convenience, it would be most appreciated.

If you have any further questions, please contact Miss Bloor at the Academy.

Yours Faithfully,

Miss S. Bloor
Curriculum Director for Technology
